# My RESIDENCE Case Study

“Beautiful new build property situated in the desirable Golden Triangle, features Residence<sup>2</sup> windows in the popular new clay colour.

Boasting large bay windows with half astragal bars, really lets the light shine through.

R<sup>2</sup> is the architectural highlight of the collection, with clean lines and superb performance and a cutting edge square interior.

*Fluted clay corner posts*

The Residence Collection matches perfectly with the aluminium bi-folds and fascias all colour matched with Clay. The Residence Collection was chosen by the homeowner before the project started.

External Colour
